

Phases Veterinary Emergency Hospital in Kamloops is looking to welcome part- and full-time veterinarians to our team!

The job:

- Part- or full-time associate emergency veterinarian
- Experience preferred
- Salary \$120,000+ commensurate with experience for full-time
- Health, Dental and Vision Benefits plan with extended coverage for physiotherapy, massage therapy and counselling
- 4+ weeks paid holiday for full-time
- Unlimited CE coverage – we love learning!
  - Annual RECOVERY training organized by the hospital
  - Memberships: VIN, VetGirl, Plumbs Pro, CVMA, SBCV and more
- CVBC dues paid
- Professional insurance covered
- Scrub allowances
- Personal pet benefits
- Moving allowance (and ability to provide temporary housing if needed!)
- Very flexible schedule with the ability to build the shift structure that you want – days, nights, weekdays, weekends – Incoming versus Hospitalist shifts – 8/10/12/14 hour shifts available
- Buy-in opportunities available for the extra keen beans out there!

The team:

- Here at PVEH, we believe that one of the most important parts of a job is the people you work with. We continuously focus on building and maintaining a team of individuals who want to create a positive and welcoming environment where we can all thrive together, both in and out of the hospital. Personality, professionalism, vibes, equal effort and attitude matter. Always. Drama, disputes and negativity are reported and dealt with immediately.
- We have a large team of support staff made up of incredible RVTs, VAs, CCRs, and Office Management. This means that you can focus on being a vet.
- Our RVTs have nominated our hospital for the 2025 BCVTA Practice of the Year Award!

The hospital:

- Locally owned and operated
- Brand new 8100sqft hospital which opened in February 2024
- Open 24 hours per day 365 days per year
- The only Emergency Hospital in our region
- Servicing all of Interior BC, including Kamloops, Clearwater, Vernon, Shuswap, Kelowna, Revelstoke, Merritt, Lillooet, Prince George and beyond
- We service all small animal species, with a primary focus on dogs and cats. Training in exotic animal medicine will be provided for those who are keen!
- Full IDEXX in-house lab, digital x-ray and digital dental x-ray, Ultrasound, CT, Endoscopy, 2 surgical suites with dedicated surgery prep space, Dog Ward, Cat Ward, Exotic Ward, ICU Ward, Isolation Ward, Compassion Room, Bespoke reception space creating warm non-clinical feel for clients
- We currently have two experienced full-time doctors, and a large number of regular emergency locum veterinarians who have been providing care in BC and Alberta for many years
- We have a visiting ultrasonographer for full abdominal scans, sampling and echos every 2-4 weeks

The area:

- Kamloops is one of those places that shocks you! It looks small on the map, like a spot you may just stop into on a road trip, but there is so much to explore that you end up falling in love! At least that is what has happened for everyone on our team so far, including our hospital owners.
- Whether you are looking for a day on the town to shop and eat, or gearing up for a day of adventure, Kamloops has it all.
- The city itself puts pride into small businesses and local ownership, and proudly supports farmer's markets and artisan fairs. There are breweries, cideries, wineries and distilleries, as well as numerous spots for incredible local eats! The city is investing in community growth by building large sporting centers, event arenas, art galleries, and performing arts centers.
- Sun Peaks Ski Resort has world class skiing and mountain biking only 45 minutes from town. Harper Mountain Ski Hill is a locally owned ski and snow tube park located only 20 minutes away. Kamloops Bike Ranch offers world class mountain biking in the summer months. There are thousands of kilometers of trails all within 30 minutes of the city, with Kenna Cartwright Park, Peterson Creek Trails, Juniper Bluffs, Pineview Nature Trails and Lac Du Bois Grasslands Protected Area all located directly in town all housing an array of dog friendly routes to explore.
- The city is located on the Thompson River with numerous beaches and boat launches providing easy access to swimming and water sports throughout the summer. The river feeds into Kamloops Lake which provides a summer water adventure oasis. There are then hundreds of other gorgeous lakes within 30-90 minutes of the city including Lac le Jeune, Paul Lake, Heffley Lake, Barriere Lake, Johnson Lake, Adam's Lake and the Shuswap to name a few!
- Come to Kamloops and have it all. Take advantage of lower housing costs or the ability to purchase larger land parcels within city limits for that hobby farm you have always wanted. Enjoy epic blue-bird powder days in the winter, and then gorgeous sunny heat in the summers perfect for an afternoon on the SUP.
