

# SUMMIT OF VETERINARY LEADERS

WEDNESDAY, JULY 9

8:00 AM–12:00 PM/2:00 PM–5:00 PM

The 2014 theme "Antimicrobial Stewardship: A New World Order" will explore the importance of antimicrobial resistance (AMR) and the role of veterinarians. In order to counteract AMR, the veterinary profession must promote antimicrobial stewardship and the Summit is an excellent forum for CVMA to illustrate the veterinary profession's concerns about this public health threat. This session is open to all registered delegates and it is eligible for seven hours of CE.

The 2014 speakers include:

**Dr. John Prescott**

*Professor, Dept. of Pathobiology, Ontario Veterinary College*

**Dr. Peter Jones**

*Past-President, British Veterinary Association*

**Dr. Mark Papich**

*Professor, Dept. of Molecular Biomedical Sciences, North Carolina State University*

**Dr. Nigel Gumley**

*Cedarview Animal Hospital, Ottawa, Ontario*

**Dr. Michel Major**

*Chief Veterinary Officer, Province of Québec*

**Dr. Joël Bergeron**

*President, Ordre des médecins vétérinaires du Québec*

**Dr. Jim Hutchinson**

*Medical Director, Vancouver Island Health Authority*

**Dr. Marie Archambault**

*Associate Professor, Dept. of Pathology and Microbiology, University of Montréal*
