

## SPEAKER BIOGRAPHIES

### DR. JOE RUBIN, PhD, DVM

Dr. Joe Rubin is a veterinarian and microbiologist leading a research group dedicated to exploring the world of antimicrobial resistance. He completed his DVM at the University of Saskatchewan, and is a member of the WCVN class of 2007. Following veterinary school, Dr. Rubin completed a PhD in the Department of Veterinary Microbiology working on methicillin resistant staphylococci in dogs and people. He began his faculty appointment as an Assistant Professor in the Department of Veterinary Microbiology in 2012. Since July 1, 2018 Dr. Rubin has been an Associate Professor and Chair of the Department Graduate program.

### DR. ODETTE O, DVM, Dipl. ACVAA

Dr. Odette O graduated from the University of Guelph, Ontario Veterinary College in 2004. After six years in small animal general practice, she completed a residency in anesthesia and pain management at the University of Wisconsin. Dr. O became board certified by the American College of Veterinary Anesthesia and Analgesia in 2013. After spending a few years as an Assistant Professor at Ross University School of Veterinary Medicine where she was Course Coordinator for the anesthesiology course, she moved back to North America and has spent the past number of years in private referral and specialty practice. Dr. O has focused on helping practices to establish a full-time anesthesiology service as well as teaching anesthesia and analgesia to students, technicians, and DVMs alike.

## SESSIONS

### ANTIMICROBIAL STEWARDSHIP

DR. JOE RUBIN, PhD, DVM

THIS SESSION IS GENEROUSLY SPONSORED  
BY TRUE NORTH VETERINARY DIAGNOSTICS

Dr. Joe Rubin presents Antimicrobial Stewardship and the principles of prudent antimicrobial usage including antimicrobial mechanisms of action and bacterial mechanisms of resistance, and recognition of intrinsic resistance and exceptional resistance phenotypes.

**2 CE hours of Antimicrobial Stewardship**

### ANESTHESIOLOGY

DR. ODETTE O, DVM, Dipl. ACVAA

THIS SESSION IS GENEROUSLY SPONSORED  
BY VETSTRATEGY

Dr. Odette O presents Anesthesiology including a review of basics, what to look for, and what to do when things don't go as planned. This lecture series will focus on preparing the patient, selecting anesthetic protocols, and managing common anesthetic complications. It will include information for the rural or remote practitioner, who may not have access to an emergency clinic or anesthesiologist close by.
