INTERNATIONAL ONE HEALTH FOR ONE PLANET EDUCATION (1 HOPE) INITIATIVE

VISION
A world where people of all ages apply a One Health & Well-Being (OHWB) approach recognising the interdependencies among humans, animals, plants and their shared environment.

AIM
Build global capacity for promoting and valuing the OHWB concept and approach as the foundation for achieving the UN-2030 Sustainable Development Goals (SDGs).

CONTRIBUTORS
Individuals/organisations from education and community groups invited from all six global regions – currently over 200 from 44 nations – all global regions!

MOTIVATION
Striving to create a “more just, sustainable and peaceful world” (UN-2030 Global Goals).

WORKING GROUPS
Drawn from Primary/Secondary/Tertiary education sectors and from community/civil society, corporate and government/intergovernmental/non-governmental organisations.

COMMON 1 HOPE QUEST
To embed the OHWB concept and the SDGs across all ages and sectors to raise awareness across all global communities.

FOCUS
– Explore possibilities (local, country, regional, global) and develop draft project proposals (e.g., curricula, resources, conferences, webinars, policy development) by early 2020 – seeking funding from national/regional/global organisations to accomplish 1HOPE stated aims.

PLANNING TEAM MEMBERS
One Health Commission, One Health Initiative, Advisors, Earth Charter International, World Assembly for Youth, Wildlife Conservation Society, InterAction Council, Chatham House, University of Melbourne, University of Pretoria, International One Health Students Alliance, Royal Veterinary College, London International Development Centre, Fontbonne University, World Veterinary Association, Southeast Asia One Health University Network, London School of Hygiene and Tropical Medicine, Wildlife Disease Association, International Veterinary Students' Association, Standing Committee on One Health
