The College of Veterinarians of BC strongly recommends that BC veterinarians take continuing education on "Informed Consent" and on "Communication in Practice."

The CVBC has approved our two one-hour sessions which are featured at the start of each of our four Sundays. Both sessions are highly interactive and your active participation will be encouraged. The CVBC has also approved our Spring Sessions. Each Sunday provides 6 CE credits.

Each Sunday has a different medical topic beginning immediately after Informed Consent with Dr. Christiane Armstrong, DVM, and Communication in Practice is Not A Soft Skill with Dr. Cindy Adams, MSW, PhD. Generously sponsored by True North Veterinary Diagnostics.
